

## Red Kite Bee

### Baby & Early Years Equipment Exchange

#### What does it cost?

The BEE online “shop” service is completely free to all. There is no obligation to make any monetary donation. However, if you are in a position to make a small donation, it could be a nice way to show your appreciation for an item you have “bought” (for free!).

Also, please consider re-gifting items you have received from the “shop” once they are no longer needed and providing that they are still in a suitable condition. This is very much in line with our aim to encourage sustainability and reduce waste.
